3. Motions:

Motion 1: BT Sport in College

Proposed by: Michael Low

Seconded by: Sam Warren

This JCR notes that:

1. A lot of Keble students enjoy watching sport in the JCR, and big games or events in sports often draw large attendances
2. BT Sport has recently been showing a much larger share of televised sport, including a lot of Premier League Football, all Aviva Premiership Rugby and the WTA Tour among other sports
3. The Sky TV levy charged to all students is only £0.81
4. The cost of adding BT Sport would only be 80p per student on top of this

This JCR believes that:

1. Access to a greater number of matches and sporting events in college would make the TV in the JCR even more worthwhile

This JCR therefore resolves to:

1. Mandate the Treasurer to have BT Sport added to the package of channels received on the JCR TV

Issues Raised:

- **Proposer:** wanted to put this in, so many occasions that Sky has not been showing all the matches – BT Sport keeps taking more events, every time no one has been using the TV, a lot of the time the TV is used is for watching sport; despite the fact that it benefits a sport-watching minority but it could serve to improve the JCR-bar social hub which will benefit the majority and use of both of these spaces

- Any rules on how TV is watched in the JCR – sport usually takes precedent, people who don't want to watch sport get kicked out? Nothing in the Constitution (duh), should be sorted out between themselves; if there's something people desperately want to watch we could call dibs on the Noticeboard, majority rules; reserve the TV for *live* events i.e. over watching movies – but this motion is about adding BT Sport to the JCR package, not entirely relevant
- Anything in the Constitution about adding this levy, is it fair for 40 people to vote in an increase that affects everyone's Battles? Every levy increases year on year which we don't have to vote through – nothing that would suggest that this is out of order in the Constitution, Rishi decides year on year how much we are charged for these levies e.g. rent compensation scheme
- Question of raising a new levy for people, talking about half a toastie in terms of price is this an important increase?
- What do we need BT Sport for? Sky sport is increasingly not showing all the matches, BT Sport now shows all premierships rugby
- *From the Treasurer:* the reason why BT is so expensive compared to Sky is that they're separate companies and we have a charities account with Sky that BT don't offer (i.e. - we'd be paying standard commercial rates for BT and charities rates for Sky) - it should be said that the Sky Levy used to be much higher and also an extra 80p is very little when considered in the context of the punt levy, rent comp scheme, charities levy and old sky levy.

VOTES FOR: 26

VOTES AGAINST: 12

ABSENTIONS: 13

THIS MOTION PASSES.

4. Any other Business:

- How would we feel about having a summer BOP on Hayward as opposed to a Friday 8th week
- 2 men's JCR bikes – one has no brakes and the second has a flat tyre --- need to fix this and stop the Lodge from handing out those keys
- Waiting in Hall – have to wait for the person next to you to be served because staff start at different ends, Chris to look into
- Suggestions box not many this week – loo roll provision: first years in Hayward and De Breyne get it from scouts but in Liddon and Pusey don't – all shared bathrooms get theirs provided but en suite rooms have to provide their own
- Emma Brand is selling tickets for 'Tis Pity' on Thursday – incest, blood and guts, live band lots of Keble involvement
