Caitlin- Don't talk to Warden from start.

Matt- Will pints go down to £2?

Isobel- Bar are blaming brexit.

Caitlin- college only found out in August so did not inform us.

Will- Varsity- we have sold more tickets. OURC winter session- 18th Nov- it is a big marquee event and there will be a lot of cheap alcoholic drinks. Party for the club last night was great.

3. Hustings for VP:

Megan: Second year Physics student.

Main goal- listen to JCR about change in college.

Use hall feedback form and make it more accessible.

Available on Keble Noticeboard. Prize for filling it in the most.

Prices have gone up- work with treasurer to make sure it doesn't go up to much.

Pizza and drink discounts.

MCR turned into JCR Kitchen- MCR is moving to Acland. This could become ours. I believe that you should have more of a say in this.

Café- healthy alternatives are not great so could be improved.

Feedback- café and pizza topping can be put on this.

I would bring domestic issues to the JCR.

Tiger: First year physics student.

I am strongly moved by sense of community in JCR and in college.

I want to foster this spirit.

I have experience and necessary skills.

I have negotiated with governing board at school for students.

Wide range of events with student- I have become a good listener, organised, open minded.

Enthusiastic and passionate.

I could settle in the position quickly and benefit everyone.

Uphold my duties – represent in the JCR members. I want to pass on your voice and idea with gov body.

Sort out activities with the Pres and other committee members.

I would greatly maintain and improve the JCR.

Questions

What do you think of MFM?

Megan-JCR is officially non-political but I voted for meat-free Monday.

Tiger- we should respect the majority viewpoint- this is what we should do. We should listen to everyone. Is there an alternative to mfm for these people?

Issy- Form participation, a part from mfm, is quite low, How could you do this?

Megan- I pigged freddos for accommodation form. So this would be a good idea.

Tiger- advertise very well that the survey well. We need to stress that issues are related to us.

Café does ice creams in the summer- which would you choose?

Megan- Solero or Magnum

Tiger- Chocolate- triple chocolate

Caitlin- how flexible are your timings? Things come up last minute.

Megan- I don't do anything else?

Tiger- I think I can as I am a physicist too.

Megan- I have had more time to adjust.

Challenge:
